REQUEST FOR PROPOSAL (RFP) FOR KINSHIP CARE SUPPORT SERVICES

MISSION STATEMENT

We, the staff of the Hamilton County Department of Job and Family Services, provide services for our community today to enhance the quality of living for a better tomorrow.

1.0 REQUIREMENTS & SPECIFICATIONS

1.1 Introduction & Purpose of the Request for Proposal

The Children's Services Section of the Hamilton County Department of Job and Family Services (HCJFS) is seeking proposals for the purchase of Kinship Care Support Services for kinship caregivers in Hamilton County. The Board of County Commissioners, Hamilton County, Ohio (BOCC) reserves the right to award multiple contracts for these services to multiple Providers and to award contracts for any or part of all the services proposed.

1.2 Scope of Service

HCJFS Children's Services Division is seeking community-based organizations to provide and coordinate supportive services to Kinship caregivers. These services will include: outreach, support groups, workshops and individual services.

Kinship care is a living arrangement in which children, who cannot live with their parents, live full time with a relative or close non-relative who has a long standing relationship or bond with the child. The living arrangement may be temporary or permanent. Kinship caregiver relationships can be established as an informal arrangement or through the more formal channels of legal custody, guardianship, foster care and adoption.

Services will support the following goals of the agency: child safety, permanency and well-being. As well, the services provided will recognize:

- Kinship care offers the child a continuing role in their family's culture and traditions which develops a sense of belonging and provides for a heightened level of stability.
- Kinship care is a unique form of care that requires an understanding of the issues of role realignment, intergenerational trauma, grief, and loss.

HCJFS' goal is to work with Providers who are able to meet the entire continuum of services

1.2.1 Population

The following data is provided for planning purposes only. HCJFS does not guarantee the current service level will increase, decrease or remain the same.

Per census statistics, Hamilton County has 6,733 grandparents raising grandchildren. In January 2006, 5,986 children lived with relative caregivers and received child only welfare benefits. This represents a 13% increase since January 2000. Of children in custody, 30% of those in temporary custody and 7% in permanent custody are placed in an approved relative or kinship home. There are many other children living with relatives who are not receiving agency services.

(2007-2008 PCSAO Factbook, 8th Edition).

1.2.2 Service Components

To successfully deliver services to this component of the population the provider must:

1. Implement outreach efforts to build community awareness of the Kinship Care support service program. These efforts should include community speaking engagements, printed materials, attendance at appropriate JFS staff meetings, etc.
2. Develop a service plan to address the family's needs, specifically related to their unique role as a kinship caregiver. If there is an open case with Children's Services, this service plan must work in conjunction with the case plan developed by the Children's Services caseworker. Collaboration and communication with the caseworker is essential. The service plan should have defined outcomes, specific goals and time frames for accomplishment. All service plans should include a "map" to step down the kinship caregiver to appropriate, community-based, and sustainable support systems.
3. Provide support group services which accommodate the geographic and scheduling needs of the caregivers and families. Support groups should have a flexible curriculum that meets the diverse needs of the families in the support group while at the same time addressing common issues. Activities for children should be provided to remove attendance barriers for the caregivers and to provide an opportunity for the children to socialize and interact with children in similar roles. It is the intent that the support groups will be an incubator for the development of other non-HCJFS kinship support groups in the community.
4. Develop mentoring relationships that pair a new kinship caregiver with an experienced kinship caregiver to foster a relationship in order to provide support and assistance to each family.
5. Provide workshops designed to increase the ability of the caregivers to access and utilize community, educational, and legal resources. Workshops can be provided on other topics that enhance the ability of the caregiver to keep the child in the placement. These workshops can focus on meeting the changing needs of the caregiver.
6. Provide, on an as needed basis, individual services as part of the service continuum. Individual services may assist the family in accessing services through government agencies and community organizations, obtaining medical insurance coverage, interacting with the legal system, working with the educational system in which the

child is enrolled, and resolving other financial support issues. Individual services can also include assistance in dealing with the emotional needs of the family, the changing roles in the family, and behavioral issues that may impact the stability of the home.

7. Staff providing Kinship Care services should have appropriate social work or psychology backgrounds.
8. For kinship families open with Children's Services and receiving Kinship Care services, the provider will submit written progress reports related to the service plan, client's attendance and progress, client's level of participation, recommendations for further service, and referrals to and participation with community-based agencies.
9. The provider will provide quarterly progress reports detailing provision of service by the vendor, populations served, and referrals to community services, etc. The exact content and structure of the report will be determined at contract negotiation.
10. At any time, HCJFS may request a special report(s) for various reasons such as, but not limited to, budgetary planning, court involvement, performance indicators, permanency planning, etc.

HCJFS CONTRACT BUDGET USER GUIDE

When contracting with the Hamilton County Department of Job & Family Services (HCJFS), it is required that a budget be completed for each program being proposed. In order to facilitate the process, we request that the attached budget be used. This budget consists of two parts: the User Guide to assist in the completion of the budget, and the budget itself.

This guide is designed to assist the user in completing the budget. In some instances field definitions and other information will be given. If possible, examples will be provided. Definitions and examples will occasionally not be provided. Should you have a question regarding that particular area, contact the HCJFS Contract Services Section.

Page 1 is a summary of expenses. It should be completed after all other budget pages are finalized. The totals from the information supplied on pages 2 through 9 are used to complete this page. Information at the bottom of the page should be completed regarding the total units and the cost of the service. Pages 2 through 9 should be prepared itemizing each line item.

There are three columns without a column header or title. These columns have been purposely left blank in order for each Provider to enter the type of service being proposed. When completing the budget, it will be important to provide a header for each column being used. These columns are to be used to record the direct costs for the contracted program(s). If the program offers supportive services such as transportation, those costs should be broken out and entered in one of the other Contract Program columns. Costs for all other direct services of the agency should be combined and entered in the column titled "Other Direct Services".

Management, administrative, and indirect costs should be entered in the column entitled "MGMT/Indirect". Indirect costs are those costs incurred for a common or joint purpose benefiting more than one service area or cost center. Allowable indirect costs for the indirect cost column include, but are not limited to, the accounting and budgeting functions, disbursing services, personnel & procurement functions, and other agency administration.

INSTRUCTIONS FOR SUMMARY PAGE – PAGE 1

Page 1 of the budget is a summary of expenses. It should be completed after all other budget pages are finalized. Information at the bottom of the page should be completed regarding the total units and the cost of the service.

AGENCY NAME: The legal, and if applicable, incorporated name of the Provider agency.

NAME OF CONTRACT PROGRAM: The name of the program being purchased.

BUDGET PERIOD: The specific time period for the budget completed.

ACTUAL BUDGET AREA: A total of all the figures carried over from the previous pages. This gives an overview of the budget for which the proposal is being submitted, as well as, an overall picture of the agency costs. The total figures given for each of these areas should match the same figures indicated in each of the appropriate sections.

For a more detailed explanation of each of the areas, use the instructions in each specific section. Once all totals have been carried to this section be sure to double check the figures to make sure all columns and rows balance.

EXPENSES BY SERVICES COLUMN: Each column header from pages 2 through 9 are listed in this column so that the totals for each of these items can be listed in each of the specific columns.

EXPENSES BY PROGRAM SERVICES: The horizontal row is used to define the column header. “MGMT Indirect, Other Direct Ser and TOTAL Expense” fields are already defined. The first three column headers have been purposely left blank in order to indicate the name of the program being purchased.

If a proposal includes more than one service within the program, then an additional column would be completed for the additional service. For example, the proposal being submitted is for employment development. The services included in this proposal are skill training, and employment retention. In this instance, one column would be completed for skill training and the other for employment retention.

If for example, a proposal is being submitted for an offender program, the header for that column would be titled “Offender Program”. In this instance, the other two column headers would be left blank.

If a proposal is being submitted is for workforce development and transportation and case management are two components of the program, then the first column header would indicate “Transportation” and the second column would indicate “Case Management”. In this instance, the third column would be left blank.

MGMT INDIRECT: The totals entered per line item for each item on the other pages.

CONTRACT PROGRAM: The totals entered per line for each item on the other pages.

OTHER DIRECT SERVICES: The figures entered here should represent the total calculations based on the figures and percentages entered for each item on the other pages.

TOTAL EXPENSES: The totals for all figures entered on this page. They are also the totals of all of the three previous fields (MGMT Indirect, Contract Program and Other Direct Services) as well as the programs being purchased.

TOTAL UNITS: The number of units that the program being purchased is planning to provide. Depending on the contract, a unit could be considered an hour, a session, a trip, etc...

UNIT COST: The total expenses divided by the total units.

UNIT =: Indicate whether the unit is an hour, trip, session, etc.

INSTRUCTIONS FOR BUDGET SECTION A - PAGE 2; STAFF POSITIONS
--

This section is used to list all positions that are included in the contracted program. This page will also capture the financial information needed on the rest of the agency. If a proposal is being submitted for one service being offered within a program, one column would be completed for the contracted program, one for the management indirect services and one for other direct services. Should a proposal being submitted include more than one service within the program, an additional column would be completed for the additional service. For example, the proposal being submitted is for employment development. The services included in this proposal are skill training, and employment retention. In this instance one column would be completed for skill training and another for employment retention.

SALARIES: List all position titles of staff who work for the Agency. If Provider agency is extremely large, Provider may list salary amounts for staff in other direct service programs by program total or by one total for all other programs. However, in order to complete the budget in this manner, Provider must obtain permission from a Contract Services Supervisor or Section Chief.. All staff who work in any capacity in the program or programs to be contracted, plus all management and administrative staff, must be listed separately with the specific amounts paid to each. In the second column, indicate the number of staff who have the same job title, i.e. teachers, and who earn the same annual wage. Indicate the number of staff and the annual cost - this is the amount paid annually to each of the teachers. If some teachers work more or less hours, and/or earn more, then a second, separate listing should be made. If the program has quite a number of staff then Provider may want to copy the Salaries page, to be able to list all the variations. Total all Salaries at the bottom of each column. Make sure this page "balances" - each column adds across and down, to the sum listed in the total sections.

POSITION TITLE: Indicate the titles of the individuals **presently** working in the program being contracted. If the Provider has an individual that has a percentage of time dedicated to the contracted program & another percentage dedicated to other areas, list this individual separately as well.

For EXAMPLE: The agency has three social workers. In this instance, two of those employees are dedicated full time to the program being contracted however, the other only spends 60% of their time on this project and 40% of their time on another project. Given this example, then all three social workers would be listed and the actual weekly number of hours worked in the program area would be entered in the HRS Week field..

The “other” field represents all staff employed by the agency that **do not** work in the contracted program.

For EXAMPLE: There is the Director and three social workers for the contracted program, then another four social workers that report to the same director but work in another program area. In this instance, the Director and the three social workers are listed as program personnel and the four social workers are then listed as “Others” because they work for the same agency but do not have anything to do with the program being contracted.

STAFF: This field must indicate the number of staff that hold the title listed in the “Position Title” field. However, in the “other: field, this number will be the total number of individuals employed by Provider company that do not have anything to do with the contracted program. Remember, if an employee works in the contracted program for any percentage of time then that person would be counted separately.

HRS WEEK: Indicate the number of hours worked each week in the contracted program area, for each employee.

ANNUAL COST: This is the annual salary for each individual listed in the contracted program area. The first block will contain the total of all the salaries for those individuals counted as “Others”.

For example: There is the Director and three social workers for the contracted program, then another four social workers that report to the same director but work in another program area. In this instance, the Director and the three social workers are listed as program personnel and the four social workers are then listed as “Others” because they work for the same agency but do not have anything to do with the program being contracted.

CONTRACT PROGRAM: Enter the salary for the amount of time spent in the contracted program. There are three columns to indicate amounts for each program in which a proposal is being written. For vacant positions that will be filled during the contract year, prorate the salary to reflect the anticipated start date.

MGT INDIRECT: This field should only be completed if the position title of an individual is in a management position. Duties performed that would be included in the “Percent to Mgt. Indirect” would include evaluations, writing checks, dealing with personnel issues, building management or other non-program issues.

OTHER DIRECT SERVICES: Enter the total salaries for each of the staff employed by the agency that is not related to the program being contracted.

TOTAL EXPENSES: This is the total of the Contracted Programs, Management Indirect, and any Other Direct Services.

**INSTRUCTIONS FOR BUDGET SECTION B - PAGE 3;
PAYROLL RELATED EXPENSES**

PAYROLL TAXES: Enter the percentage used in calculating the amount withheld in each of the categories listed. The amounts figured using this percentage should be listed on the appropriate line under the “Expenses by Program Services” column.

UNEMPLOYMENT %: When computing unemployment taxes, the percentage of time the staff devotes to the contracted program should be used to calculate the amount of unemployment taxes attributed to the contracted program for that staff person up to the first \$9,000.00 per employee wages, per year.

BENEFITS: The amounts charged to each column should be based on the staff and salaries shown in that column on page 2. Enter the totals in the spaces provided. The percentage used to calculate the retirement should be entered on the line indicated. The “OTHER” section should list all other deductions that are taken, listing each one separately.

TOTAL EMPLOYEE BENEFITS & PAYROLL TAXES: Indicate the total for the amounts indicated above.

**INSTRUCTIONS FOR BUDGET SECTION C - PAGE 3; PROFESSIONAL FEES &
CONTRACTED SERVICES**

PROFESSIONAL FEES & CONTRACTED SERVICES: Contracted services are items such as janitorial, pest control, security, etc. Professional fees are when Provider pay for auditors, accountants, payroll processors, program consultants, etc. These costs are used to pay for services from a company or individual who is not an employee of the agency, but who performs a service for which he/she is paid. Show the amounts related to each column heading.

Each service that has been purchased (contract or professional) should be listed in this field, individually. For example, if the Provider has a contract with Terminix to provide bug control then that would be one item. The accountant would be another item.

TOTAL PROFESSIONAL FEES AND CONTRACTED SERVICES: Indicate the totals for the amounts entered above.

INSTRUCTIONS FOR SECTION D - PAGE 4; CONSUMABLE SUPPLIES

CONSUMABLE SUPPLIES: Enter amounts for items used or consumed by the respective programs per the column heading. Generally supplies are items such as stationary, paper, pens, file folders, and envelopes. Other types of supplies are items such as cleaning supplies, toilet paper, mops, brooms, paper towels and floor cleaner. Program and other supplies would also be included in this section such as printed pamphlets, text books and/or computer software. These items must be used or consumed within one year or less. List each item under "OTHER" separately and be specific.

INSTRUCTIONS FOR SECTION E - PAGE 4; OCCUPANCY COSTS

OCCUPANCY COSTS: Enter amounts in the proper column based on a proration of space used by the programs under the column headings. It may be necessary to actually measure the space used by the various programs to achieve a proper proration of these costs. Some Provider's choose to put building and other occupancy costs in their Management and Indirect Costs column, and allocate them along with other "shared" types of costs. Telephone costs should be allocated or prorated based on actual usage, that is the number of phones used by Contract Program, and amount of long distance calls, rather than combined with other occupancy costs.

The occupancy cost includes a usage allowance that is similar to depreciation when the building is owned. In order to calculate the cost, the historical cost of the building must be used. The Provider must calculate the percentage that is to be used by the contracted program. Once both figures are obtained, the cost of the building is multiplied by the percentage of space used to determine the dollar amount to be charged to the program. For example, the actual cost of the building was \$150,000.00. The building is 3 stories and each story is 1000 square feet. The third floor is the management, the second floor is another program and the first floor is the contracted program. In this case, the first floor or 1000 square feet would be charged to the program or 33%. Therefore, \$150,000.00 divided by the 37.5 year life (life span per the IRS) of the building times 33% (program utilization) = \$1,320.00 per year. This amount can be charged to the program.

RENTAL @ PER SQ. FT.: Indicate the unit amount per square foot. For example, the rent is \$1000.00 per month for 100 square feet, however the unit amount is \$10.00. Indicate the total dollar amount in the block for the budget period. For example, the rent is \$1000.00 per month. The contract is for 10 months. The total dollar amount entered should be \$10,000.00.

HEAT & ELECTRICITY: If taking a straight line percentage of the total electric for the agency, identify the percentage used on the line indicated. If this is included in the rent, write the word "included" on this line.

WATER: If taking a straight line percentage of the total water for the agency, identify the percentage used on the line indicated. If this is included in the rent, write the word "included" on this line.

TELEPHONE: If taking a straight line percentage of the total phone cost for the agency, identify the percentage used on the line indicated.

OTHER: List all other deductions for occupancy costs separately and be specific.

INSTRUCTIONS FOR SECTION F - PAGE 5; TRAVEL COSTS

TRAVEL COSTS: The costs entered into each column should be based on a review of actual travel costs incurred by the respective programs. A study of past years records should be completed before this section of the budget is prepared. Enter the figure used to calculate the reimbursement rate on the line provided.

TOTAL TRAVEL COSTS: Enter the amount for each column on this line. Be sure the totals balance for all columns.

INSTRUCTIONS FOR SECTION G - PAGE 5; INSURANCE COSTS

INSURANCE: Some agencies allocate all insurance costs to the Management and Indirect column of their budgets, and then allocate them along with all the other shared type of costs. If one program operated by the agency has disproportionate insurance costs (either higher or lower) than the other agency programs, then a more appropriate method would be to show that program's insurance costs in the column for that program.

INSTRUCTIONS FOR SECTION H - PAGES 6 & 7; EQUIPMENT COSTS

EQUIPMENT COSTS: There are some directions listed on the budget pages for completing the four areas of this section. Any individual equipment item costing less than \$5,000 should be included as equipment cost. The exception to the "individual equipment cost" is for computer components which are purchased as a group, i.e. hard drive, monitor, keyboard, printer, etc. While these components may individually cost less than \$5,000, the entire group is to be depreciated if the purchase price is \$5,000 or greater. For equipment items used for more than one program,

show the percentage of time the contract program expects to use them and compute the amount based on that percentage. The large equipment items used by the Management and Indirect activities of the agency should also be listed, with the percentage used by both programs, i.e. the Contract Program and MGT/Indirect, computed.

INSTRUCTIONS FOR SECTION I - PAGE 8; MISCELLANEOUS COSTS

MISCELLANEOUS COSTS: Enter any expense items, and the amount which Provider expects to spend for them, that Provider has not entered elsewhere in this document. Examples of miscellaneous costs are printing, advertising, and postage.

TOTAL MISCELLANEOUS COSTS: Enter the total of all miscellaneous costs in this section in the appropriate columns.

PROFIT MARGIN: For profit entities only - Enter the amount of profit being charged to the contract program.

TOTAL OF ALL EXPENSES: The total of all expenses should be calculated from the sub-totals of sections D through I.

EXPLANATION: Be sure to pay special attention to this section. It is important to note the rationale or basis for the figures used in the proration of MGT/INDIRECT costs. Specific instructions have been included on the budget to be followed.

<p style="text-align: center;">INSTRUCTIONS FOR SECTION G - PAGE 9; INSTRUCTIONS FOR REVENUES BY PROGRAM SERVICES SECTION</p>
--

Revenues of the Agency should also be completed for the same time period for which the budget expenses are detailed. Please use the "Explanation" section and attach extra pages if needed. Be specific and list each funding separately. Government contracts, including the revenues expected to be received from the contract with HCJFS, should be listed separately (i.e., Hamilton County \$nnn,nnn.nn, Butler County \$nnn,nnn.nn). Donations from individual benefactors need not be listed separately unless they represent a significant proportion or amount of donated funds. Fees from clients do not mean fees paid by third parties (insurance, Medicaid, contracts), and should only represent monies gained directly from clients.

FINAL REVIEW

1. Before submitting the budget, make a final check that each column of each page is correctly added, and that all figures are legible.
2. Review the Revenue page and make sure all revenue sources are listed. The total revenues shown MUST equal or exceed the total expenses shown in pages 1-8.
3. Please review Equipment section to make sure that all equipment purchases have been listed in proper section.

Hamilton County Department of Job and Family Services Provider Certification Process

(Revised 7/01)

I. Overview

The purpose of the **Hamilton County Department of Job and Family Services (HCJFS) Provider Certification Process** is to determine a service provider's apparent administrative capacity to effectively manage an HCJFS contract. The process is designed strictly for internal HCJFS decision making and should not be seen as an official accreditation, licensing or endorsement of a provider program or agency. The process is divided into three (3) sections -**A. Program Identifying Information, B. Administrative Capacity and C. Quality Assurance**. Sections A. and B. must be completed prior to contract signing. Section C. must be completed within six (6) months of contract signing. A six (6) month period is given for Section C. to allow time for smaller agencies who may not have all of the quality assurance components in place. As with any process, there are always exceptions so consult with management if certain portions of the document are not applicable to a specific provider.

A. Program Identifying Information (Section A) - identifies key information such as:

1. agency name and address;
2. director's name;
3. service being purchased;
4. hours/days of operation, etc.

B Administrative Capacity (Section B) - identifies administrative areas which are key to an effective operation such as:

1. accounting and record keeping systems;
2. copies of important documents such as the table of organization, Articles of Incorporation, insurance, etc.;
3. review of provider personnel files for proof of drivers' licenses, insurance, professional credentials, etc.;
4. tour of the provider's facility.

None of this information is to be released to anyone other than the provider without HCJFS management approval.

C. Quality Assurance (Section C) - identifies processes and procedures for ensuring quality service such as:

1. program staff training plan;
2. staff policy and procedure manual;
3. quality assurance plan/activities.

Refer to detailed instructions for completing the certification document.

1. Other Provider certifications	Ask Provider if the agency is currently certified by another entity. This could be Medicaid, JACHO, COA, etc. Obtain information regarding the type, time period and particular services covered by the certification and discuss findings with Section management.
2. Reviewed and accepted: <ul style="list-style-type: none"> a. Most recent annual indep. audit or comparable financial documents; b. audit management letter, if applicable; c. SAS61 (auditor's communication to the board's audit committee), if applicable; d. most recent 990 and Schedule A ; e. most recent federal income tax return; f. written internal financial controls. 	This information is used to determine the financial status of an agency. Things to look for are: <ul style="list-style-type: none"> 1. Did the audit firm issue an unqualified opinion on the report? If not, a further review of the agency's financial status should be conducted. If the audit report is not for the prior calendar year, ask when the report will be finished and follow-up with provider to obtain a copy. 2. Do the attachments/exhibits indicate problems, recommendations, etc.? 3. Does the audit management letter indicate a problem or areas that need improvement? 4. Does the SAS61 indicate problems, concerns, etc.? 5. The 990 repeats much of the information in the independent audit but also includes the salaries for the top 5 positions earning over \$50,000.00 per year. 6. Were taxes filed timely? If not, why? Were extensions requests done timely? 7. Do the controls indicate a separation of duties? Is there a clear understanding of duties and roles? For assistance in developing internal financial controls, providers can consult the standards issued by the GAO in the booklet titled <i>Government Auditing Standards</i>. The information is also available on the GAO website at: http://www/gao.gov/policy/guidance.htm
3. Indicate Provider's filing status with the IRS: <ul style="list-style-type: none"> a. 501C3 (not-for-profit); b. sole proprietor; c. corporation (for profit); d. government agency; e. other (specify). 	The filing status is important because of filing and tax conditions which are unique to each category.

<p>4. Received current copies of:</p> <ul style="list-style-type: none"> a. Articles of Incorporation, if applicable; b. job descriptions for all staff in program budget; c. insurance with the correct amount, type of coverage and add'l. insureds listed; d. Worker's Compensation insurance; e. table of organization including advisory boards & committees; f. service/attendance form, sign-in sheet, etc. g. contract service contingency plan, if applicable. 	<p>Copies of all the documents must be received prior to contract signing.</p> <ol style="list-style-type: none"> 1. Job description titles should match to the salaried positions in the budget and to the positions in the T.O. 2. Insurance amounts are the standard amounts listed in the boiler plate contract. Work with management for unusual coverage amounts for unusual services. Indicate the expiration date so HCJFS can do timely follow-up to ensure the insurance coverage remains current. 3. Table of organization should show the relationship of the contracted service to the entire organization. The T.O. may reference programs for positions. 4. The service/attendance form is the sheet used to document units of service. Determine if information maintained is adequate - client name, date, begin/end time, unit(s) of service, name of teacher/case worker, etc. 5. The contract service contingency plan is to detail how service will be provided to HCJFS clients should the provider be unable to comply with the contract terms. What is the provider's back-up plan?
<p>5. Reviewed 3 of the last 12 months board minutes</p>	<p>Review for problems which could reflect on the administrative capacity of the agency, i.e. issues with the contracted programs, staff issues, funding issues, etc.</p>

<p>6. Reviewed accounting/record keeping system:</p> <ul style="list-style-type: none"> a. financial record keeping method <ul style="list-style-type: none"> 1) is a separate account set up for our program? 2) are invoices filed for easy reference? b. cash or accrual system; c. revenue source during start-up period; d. ability to issue accurate and timely reports e. maintenance of client service records . <ul style="list-style-type: none"> 1) method for documenting client service; 2) method for compiling data for reports; 3) method for tracking performance indicators; f. how will the Provider manage cash flow during the first 3 months of the contract? 	<ol style="list-style-type: none"> 1. The agency must show how the expenses and revenue for each contracted program will be reported/tracked in a separate account. 2. Determine how financial invoices will be filed. Is this adequate for audit purposes? 3. Identify the accounting system used - cash vs accrual. This is important in an audit for determining how expenses and revenues are reported. 4. Determine how the agency will meet payroll and other contract related expenses during the start-up period, prior to receiving the first contract reimbursement. 5. Review the process for reporting expenses, service and performance goals. Does provider have the administrative capacity to manage the contract in an accurate and timely fashion? In the program area? In the financial area? 6. Review the process for documenting and maintaining client service records. Is it acceptable for audit purposes? Can invoiced services be easily tracked to a source document? Is the information in the source document legible, complete, etc? 7. Since the initial reimbursement will be approximately 2 months from the end of the first service month, discuss with provider how program expenses will be paid during that time.
<p>7. When applicable, review personnel files for proof of required documentation including, but not limited to:</p> <ul style="list-style-type: none"> a. current professional license/certification; b. driver's license with < 5 points; c. proof of car insurance; d. police/BCII check completed within the last 12 mons. 	<p>Based on the work performed by the contract agency's staff, conduct a sampled review of personnel files to ensure required documentation is current and on file. <p>8. Transportation Issues (when applicable)</p> <ul style="list-style-type: none"> a. is public transportation readily available? b. how far from the program site is the public transportation stop? c. indicate the type of available parking facilities: <ul style="list-style-type: none"> 1) private lot; 2) municipal/public lot; 3) on-street parking; 4) client/staff pay to park. 	<p>This section is to identify potential problems for the program area in client access of service.</p>

<p>9. Interior - Public Areas</p> <ul style="list-style-type: none"> a. indicate general impression of appearance- cleanliness, neatness, safety, etc. b. is facility handicapped accessible? c. are bathrooms handicapped accessible? d. does facility design ensure client confidentiality? e. is the facility adequate for our program? f. ask provider if a negative building safety report has been issued by the fire department. 	<p>Purchased services are to be provided in an appropriate setting and accessible to all referred clients. This area is subjective and open to interpretation. The question to ask yourself is if you'd feel comfortable referring a client to this location. The fire department only issues a report when there are building safety issues. Ask to see any negative safety report and, if any, ask for proof of compliance - repair invoices, etc. Calls can be made to the fire department if the status is in doubt.</p>
<p>10. Contract Management Plan - review provider's written plan for contract management.</p> <ul style="list-style-type: none"> a. how will provider ensure integrity and accuracy of the financial system for reporting to HCJFS? b. how will provider ensure integrity of record keeping for documenting and reporting units of service and performance objectives to HCJFS? c. how will provider ensure administrative and program staff are fully aware of and comply with contract requirements? d. what is provider's plan for conducting self-reviews to ensure contract compliance? e. what is provider's plan for ensuring receipt of client authorization forms prior to invoicing? f. what is provider's plan to remain in compliance with contract requirements for timely invoicing to HCJFS? g. what is provider's plan for monitoring contract utilization? 	<p>The purpose of the plan is to ensure the provider is fully aware of the contractual obligations and has a pro-active plan for managing the various contract components.
