- 1) *Is a current list of SWORWIB members available for bidders to be able to avoid unintentional prohibited contact?*

The current SWORWIB board members by year can be found on the SWORWIB's website, www.SWORWIB.org. New Board members are not finalized until inducted at the Annual Meeting.

- 2) *Are Word or Excel versions of Attachment A, Attachments in C-1 and Attachment G available?*

Attachments A and G are available below for their Word versions for those without advanced Adobe software capacity.

Attachments in C-1 are instructions with samples but are not the actual budget forms. The actual budget forms shown in C-3 were noted as available in the body of the RFP announcement on www.SWORWIB.org for your use for the budget document preparation of spreadsheets.

- 3) *What are the red numbers in the top right corners vs. the other page numbers?*

The red numbers in the top right hand corner are the correct page number for the entire document. Individual numbers for the samples provided for your information sometimes have their own numbers. For the full RFP to be understandable use the red numbers in the top right hand corner.
