# **REQUEST FOR PROPOSAL (RFP) FOR MEDICAL CONSULTATION SERVICES**

## **MISSION STATEMENT**

We, the staff of the Hamilton County Department of Job & Family Services, provide services for our community today to enhance the quality of living for a better tomorrow.

## **1.0 REQUIREMENTS AND SPECIFICATIONS**

### **1.1 Introduction & Purpose of the Request for Proposal**

The Board of County Commissioners, Hamilton County, Ohio (BOCC) reserves the right to award Contracts for these services to multiple Providers and to award Contracts for all or any portion of the services requested herein. The Contract(s) shall be for an initial term of one year (“Initial Term”) with two one-year renewal options (“Optional Renewal Terms”) at the sole discretion of HCJFS.

If at any time during the Initial Term or any Optional Renewal Term, HCJFS determines that service capacity needs to be expanded HCJFS may re-release this RFP. Any contracts awarded from a re-issued RFP(s) will expire at the same time as the contracts awarded under the initial RFP. All proposals submitted as a part of a re-released RFP will be subject to and evaluated based upon the same criteria set forth in the initial RFP (plus any addenda issued as a part of the initial RFP).

Provider agrees that if selected by HCJFS under this RFP or any re-released RFP and if requested by HCJFS, that it will enter into an extension of the Contract for up to 180 days following the expiration of the term then in effect under the current terms, conditions and prices applicable at that point in time. This will allow HCJFS to make a seamless transition to any new Provider and mitigate negative impact for customers.

## 1.2 Scope of Service

HCJFS is seeking proposals for Medical Consultation services. The purpose of this request is to solicit for the design and implementation of a collaboration between Hamilton County child protection staff and medical professionals, with the goal of ensuring safety and improving the well-being of children and families. Annually in the United States 700,000 children are confirmed victims of child maltreatment and 250,000 children enter out-of-home placement. In 2017 Hamilton County received 10,983 reports of child abuse/neglect, 7,568 cases were opened as a result of those calls and 3,552 children placed in Hamilton County custody. Historically medical providers have played a separate but integral role working with Child Protection Services (CPS) in the identification, evaluation, and diagnosis of child maltreatment. Communication between the child protection and health care systems is typically more limited after the initial CPS investigation period ends, even though the complex health care needs of this population continue throughout their involvement with child protection services.

The desired Medical Services Program will be designed to work hand-in-hand with assigned CPS professionals, families, and other community stakeholders, to continue and strengthen collaboration of CPS and the medical field. The program must be provided by competent, trauma certified healthcare professionals, with knowledge of the child protection system, who Partner with CPS professionals to:

1. Identify child maltreatment and assess safety as it relates to health/medical issues;
2. Advocate for the health care needs of children and families;
3. Educate the CPS professionals, caregivers, and other involved community partners about the health care needs of the child;
4. Participate in home visits with child protection staff to assess health status of children and to assist in assessing home, specific to medical needs and care provided;
5. Consult in the development of medical case planning and coordination of care, and ensure the child/youth has a primary care provider;
6. Assist caregivers in obtaining timely comprehensive medical assessments;
7. Facilitate referrals to community providers for medical services, early intervention providers, specialty providers, dentists, and other community programs;
8. Follow children placed out of county to assure access to needed services;
9. Update health records as required by law;

10. Provide relevant medical trainings individually or in groups for child protection staff, families, caregivers, and other community partners;
11. Interpret medical reports and other documentation; and
12. Testify in court and provide reporting as necessary.

As awareness increases about the effects of traumatic experiences, it has become more important for medical and behavioral health providers to integrate their care for children and families, to better identify, prevent, and treat traumatic stress, and minimize re-traumatization. By implementing trauma-informed integrated care practices, organizations can position themselves to have the greatest positive impact on the whole health of children, adolescents, families and communities.

A trauma informed child and family service system is one in which all parties involved recognize and respond to the impact of traumatic stress on those who have contact with the system including children, caregivers, and service providers. Programs and agencies within such a system infuse and sustain trauma awareness, knowledge, and skills into their organizational cultures, practices, and policies. They act in collaboration with all those who are involved with the child, using the best available science, to maximize physical and psychological safety, facilitate the recovery of the child and family, and support their ability to thrive.

When completing home visits medical provider will be aware that trauma intersects in many different ways with culture, history, race, gender, location, and language. Trauma- informed systems acknowledge the compounding impact of structural inequality and are responsive to the unique needs of diverse communities. Cultural awareness, responsiveness, and understanding are essential to increasing access and improving the standard of care for traumatized children, families and communities across the United States. Eliminating disparities in trauma services requires culturally responsive involvement across service sectors, communities, organizations, neighborhoods, families, and individuals in order to reduce barriers, overcome stigma, address social adversities, strengthen families, and encourage positive ethnic identity.

### 1.2.1 Population

Families and caregivers involved with the child protection system are likely to have high exposure to trauma and as a result often have serious physical and behavioral health care needs. Hamilton County desires a service that focuses on a partnership with child protection and medical professionals to best serve all families involved in the CPS system. The successful Provider is expected to perform home visits, medical case reviews, consultation with staff and community partners, and develop/deliver pertinent training.

Research has shown that, "...children reported for medical neglect had multiple encounters with the health care system. More than half of patients had multiple CPS reports for any reason and more than a third had >1 CPS report for medical neglect. Risk factors for child maltreatment, family stressors in the year preceding the report, and practical barriers to care were documented in more than two-thirds of patients. These findings suggest both need and opportunity for improved intervention around medical neglect concerns, as well as potential avenues for intervention (Fortin, Kwon, Pierce, 2016).

The medical professional is a key team member in a multi-disciplinary setting who works collaboratively with case workers, health care providers, caregivers, courts to coordinate comprehensive health care services for foster children.

The following are examples of potential referrals with families who have documented or suspected medical challenges and vulnerabilities which impact the child's safety and the family's functioning:

1. Drug withdrawal/drug exposure;
2. Premature Babies;
3. Medical conditions resulting from abuse (ex: Shaken Baby Syndrome);
4. Asthma (moderate, persistent or severe);
5. Apnea episodes;
6. Multiple psychiatric hospitalizations;

Provider shall promptly notify HCJFS, in writing, that either a) HCJFS is permitted to release these documents, or b) Provider intends to take immediate legal action to prevent its release to a third party. A failure of Provider to respond within five (5) business days shall be deemed permission for HCJFS to release such documents.

It is Provider's sole responsibility to legally defend the actions of HCJFS for withholding Provider's documents as trade secrets or otherwise exempted information if the issue is challenged.

#### **4.10 Provider Certification Process**

HCJFS reserves the right to complete the Provider Certification process for selected Providers. # PAGE 1 - SUMMARY PAGE

The total amounts for each expense type on this page (A through J) should equal the total amounts of each section on pages 2 through 8.

As the amounts are entered on pages 2 through 9, the total amounts on the summary page will be populated, if using the Excel spreadsheet to complete the budget.

## Mgmt Indirect Cost

A rationale or basis for the allocation of Mgmt Indirect cost which details how the amount charged to the proposed service was determined must be included. Some agencies allocate these types of costs on staff salaries, total personnel costs, total direct cost of service proposed, and/or time studies. Records substantiating development of the means of these costs must be provided with your budget submittal and also maintained by your agency. Mgmt Indirect costs, allocated to the proposed service(s) should not exceed 15% of the total proposed service(s) cost. After allocating Mgmt Indirect costs between Other Direct Services and the proposed service(s), total program expenses for Mgmt Indirect should equal zero.

The Summary Page, once completed, should give a total budget for the service being proposed as well as a picture of your agency's total budget.

**PAGE 4 - SECTION E – OCCUPANCY COSTS**

This section is used to enter occupancy costs that will be associated with the proposed service. If your agency is renting the entire building and using all of the space for the proposed service, enter the total rental amount for the building. If your agency is renting the entire building and not using all of the space for the proposed service, the rental cost for the proposed service is calculated by multiplying the Cost per Square

Foot by the total Square Footage of the space used for the proposed service. The remaining rental cost should be entered under “Other Direct Ser”.

If your agency owns the building, a charge for depreciation **or** usage allowance is allowable. Depreciation or usage allowance should be applied to the original acquisition cost of the building. Depreciation should be calculated using the straight-line method. The lifespan of a nonresidential building is 31.5 years for property placed in service before May 13, 1993. If the property was placed in service after May 13, 1993 the lifespan is 39 years per the Internal Revenue Service (IRS) (Publication 946). If the building has been fully depreciated, the usage allowance method should be used. The usage allowance is limited to 2% of the original acquisition cost.

## **PAGE 5 - SECTION F – TRAVEL COSTS**

This section is used to enter the costs of operation, maintenance, and repairs of agency vehicles when relevant to the delivery of the proposed service. Such costs may be charged on an actual cost basis, a per diem or mileage basis in lieu of actual costs incurred, or a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, and results in charges consistent with those normally allowed in like circumstances in the non-profit organization's non-federally sponsored activities. The amount paid for mileage reimbursement should not exceed HCJFS' reimbursement rate, which is the rate determined by the IRS. The reimbursement rate can be found on the IRS website.

Conference and meeting costs are allowable if the primary purpose is the dissemination of technical information relating to the proposed service. Purchased transportation is allowable if required for the delivery of the proposed service.

## PAGE 5 - SECTION G – INSURANCE COSTS

This section is used to enter insurance costs relevant to the delivery of the proposed service. Some agencies allocate all insurance costs to the Mgmt Indirect column of their budgets, and then allocate them along with all the other shared type of costs. If one service operated by the agency has disproportionate insurance costs (either higher or lower) than the other agency services, then a more appropriate method would be to show the insurance costs in the column for that service. Records substantiating development of the means of allocating must be provided with your budget submittal and also maintained in your agency.

Leased equipment in excess of \$5,000.00 must be depreciated. If your agency has, or acquires equipment costing \$5,000.00 or more with an anticipated useful life in excess of one (1) year a charge for depreciation is allowable.

Depreciation should be calculated using the straight-line method. Refer to IRS guidelines to determine the useful life of equipment. Follow the instructions on Page 7 of Budget Form to calculate depreciation.

## Provider Certification Process

(Revised 5/10)

### I. Overview

The purpose of the **Hamilton County Department of Job and Family Services (HCJFS) Provider Certification Process** is to assess a service provider's administrative capacity to effectively manage an HCJFS contract. The process is designed strictly for internal HCJFS decision making and should not be seen as an official accreditation, licensing or endorsement of a provider program or agency. The process is divided into three (3) sections -**A. Program Identifying Information, B. Administrative Capacity and C. Quality Assurance**. Sections A. and B. may be completed prior to contract signing. Section C. within six (6) months of contract signing. A six (6) month period is given for Section C. to allow time for smaller agencies who may not have all of the quality assurance components in place. As with any process, there are always exceptions so consult with management if certain portions of the document are not applicable to a specific provider.

#### A. **Program Identifying Information (Section A)** - identifies key information such as:

1. agency name and address;
2. director's name;
3. service being purchased;
4. hours/days of operation, etc.

#### B **Administrative Capacity (Section B)** - identifies administrative areas which are key to an effective operation such as:

1. accounting and record keeping systems;
2. copies of important documents such as the table of organization,  
Articles of Incorporation, insurance, etc.;
3. review of provider personnel files for proof of drivers' licenses, insurance, professional credentials, etc.;
4. tour of the provider's facility.

None of this information is to be released to anyone other than the provider without HCJFS management approval.

#### C. **Quality Assurance (Section C)** - identifies processes and procedures for ensuring quality service such as:

1. program staff training plan;
2. staff policy and procedure manual;
3. quality assurance plan/activities.

Refer to detailed instructions for completing the certification document.

ITEM	EXPLANATION
1. Other Provider certifications	Ask Provider if the agency is currently certified by another entity. This could be Medicaid, JACHO, COA, etc. Obtain information regarding the type, time period and particular services covered by the certification and discuss findings with Section management.
2. Reviewed and accepted: <ul style="list-style-type: none"> <li>a. Most recent annual independent audit or comparable financial documents;</li> <li>b. audit management letter, if applicable;</li> <li>c. SAS61 (auditor's communication to the board's audit committee), if applicable;</li> <li>d. most recent 990 and Schedule A ;</li> <li>e. most recent federal income tax return;</li> <li>f. written internal financial controls.</li> </ul>	<p>This information is used to determine the financial status of an agency. Things to look for are:</p> <ol style="list-style-type: none"> <li>1. Did the audit firm issue an unqualified opinion on the report? If not, a further review of the agency's financial status should be conducted. If the audit report is not for the prior calendar year, ask when the report will be finished and follow-up with provider to obtain a copy.</li> <li>2. Do the attachments/exhibits indicate problems, recommendations, etc.?</li> <li>3. Does the audit management letter indicate a problem or areas that need improvement?</li> <li>4. Does the SAS61 indicate problems, concerns, etc.?</li> <li>5. The 990 repeats much of the information in the independent audit but also includes the salaries for the top 5 positions earning over \$50,000.00 per year.</li> <li>6. Were taxes filed timely? If not, why? Were extensions requests done timely?</li> <li>7. Do the controls indicate a separation of duties? Is there a clear understanding of duties and roles? For assistance in developing internal financial controls, providers can consult the standards issued by the GAO in the booklet titled <b><i>Government Auditing Standards</i></b>. The information is also available on the GAO website at: <b><a href="http://www/gao.gov/policy/guidance.htm">http://www/gao.gov/policy/guidance.htm</a></b></li> </ol>
3. Indicate Provider's filing status with the IRS: <ul style="list-style-type: none"> <li>a. 501C3 (not-for-profit);</li> <li>b. sole proprietor;</li> <li>c. corporation (for profit);</li> <li>d. government agency;</li> <li>e. other (specify).</li> </ul>	The filing status is important because of filing and tax conditions which are unique to each category.

<p>4. Received current copies of:</p> <ul style="list-style-type: none"> <li>a. Articles of Incorporation, if applicable;</li> <li>b. job descriptions for all staff in program budget;</li> <li>c. insurance with the correct amount, type of coverage and additional insureds listed;</li> <li>d. Job description titles should match to the salaried positions in the budget and to the positions in the T.O.</li> <li>2.
