**HCJFS REQUEST FOR PROPOSAL
FOR GROUP HOME SERVICES
RFP SC07-20R**

ADDENDUM 3

Questions asked after RFP Conference:

- Q1.** During the RFP Conference, did I hear correctly that children will need to stay in their own school district?
- A.** Pursuant to the Every Student Succeeds Act, children should remain in their home school district unless it is not in their best interest to do so.
- Q2.** For the qualifications, where do we get the background checks sent to? Does it make sense to submit the information if we have not/we not received our licenses in time?
- A.** The RFP requires that the Provider “warrants and represents that it will comply with ORC 2151.86.” We need the Provider to explain how they will comply with the Ohio Revised Code.
- Q3.** For those questions related to school, social activities, etc. that have recently changed due to COVID-19, should we address those questions the way we handle things today (current COVID-19) or what we generally would be doing pre COVID-19?
- A.** Please include what would generally be done, but it would be helpful to give a brief explanation of what changes are currently in place.
