MISSION STATEMENT

We, the staff of the Hamilton County Department of Job & Family Services, provide services for our community today to enhance the quality of living for a better tomorrow.

1.0 REQUIREMENTS AND SPECIFICATIONS

1.1 Introduction & Purpose of the Request for Proposal

The Board of County Commissioners, Hamilton County, Ohio (BOCC) reserves the right to award Contracts for these services to multiple Providers and to award Contracts for all or any portion of the services requested herein. The Contract(s) shall be for an initial term of one (1) year (“Initial Term”) with two (2), one (1) year renewal Options (“Optional Renewal Terms”) at the sole discretion of HCJFS.

If at any time during the Initial Term or any Optional Renewal Term, HCJFS determines service capacity needs to be expanded, then HCJFS may re-release this RFP. Any contracts awarded from a re-issued RFP(s) will expire at the same time as the contracts awarded under the initial RFP. All proposals submitted as part of a re-released RFP will be subject to and evaluated based upon the same criteria set forth in the initial RFP (plus any addenda issued as a part of the initial RFP).

Provider agrees that if selected by HCJFS under this RFP or any re-released RFP and if requested by HCJFS, that it will enter into an extension of the Contract for up to 180 days following the expiration of the term then in effect under the current terms, conditions and prices applicable at that point in time. This will allow HCJFS to make a seamless transition to any new Provider and mitigate negative impact for customers.

1.2 Scope of Service

The purpose of this request is to solicit for Hamilton County child welfare families the design and implementation of a continuum of evidence-based and promising practice models of intensive in-home programming emphasizing an integrated behavioral health and child welfare Family-Centered Practice model. This program will provide specific levels of trauma-informed intervention services for families with open child welfare cases that incorporate in-home, hands-on, rapid engagement and assessment, parent-child coordination using a multi-system approach. The services are designed to work hand-in-hand with assigned child welfare case workers and other community stakeholders. The Services must be provided by competent, trauma certified professionals, with knowledge of child welfare families and system, who are focused on delivering services to:

1. Understand, integrate, and contribute information for HCJFS completion of Comprehensive Assessment and Planning Model-Interim System (CAPMIS) assessments that evaluate family attributes for safety, permanency and well-being, that encompasses a strength-based approach;
2. Engage families in designing services, treatment planning, program evaluation and providing lived experience mentorship;
3. Encourage families to define barriers for their children to safely remain at home or reunify with families of origin, and assist in identifying ways to eliminate these barriers;
4. Deliver trauma informed, individualized, culturally responsive, flexible, and outcome-based services;
5. Significantly reduce reoccurrence of maltreatment and re-entry into custody, and promote safe reunification; and
6. Be aligned with Ohio Child Protection Oversight and Evaluation (CPOE) safety, permanency, and well-being indicators, and consistent with the legal framework of child welfare and its values.
7. Impact and/or reduce over representation of families and children of color in the child welfare system.

Family services and supports are designed and delivered to the family, not just individuals, by building on the strengths of the family and are supportive, and culturally competent.

HCJFS desires a Family Preservation Continuum Service to address the needs of our families at any given point in the process of being involved in child welfare. Each family that is identified as needing assistance displays different behaviors, situations, backgrounds and level of support. HCJFS' goal is to assess and identify families that are in need of services based on "meeting the family where they are at" and offering a plan that is specifically designed in partnership with the families.

The majority of children who come to the attention of child welfare agencies because of possible abuse or neglect are not removed from their families but, instead, receive services in their homes and communities. Research shows that families whose children remain in the home after a maltreatment investigation often have significant service needs (U.S. Department of Health and Human Services, Administration for Children and Families, Office of Planning, Research and Evaluation, 2013). In-home services can play an important role in supporting the safety, permanence, and well-being of children in child welfare. These services also can be provided to families whose children have been placed in out-of-home care, both to promote reunification and prevent future disruption and re-entry into care (Sangmoo, Jonson-Reid, & Drake, 2012).

HCJFS is looking to partner with providers to service our families individually and at varying levels of intensity. We are looking to expand our current programming to include new elements that have been highly successful and are evidence-based practices. HCJFS is also taking into consideration the Family First Prevention Act that will be going into effect October 2021. This will include funding for more robust services, especially at the front end of identifying family's needs and offers flexibility in service offerings that would be more preventative. Through dramatic funding changes, Family First puts the focus on prevention and – to the extent possible – keeping children out of foster care and with their families or relatives. It recognizes that often families can provide safe and loving care if given access to needed mental health services, substance abuse treatment or improved parenting skills (ODJFS, 2019).

HCJFS has identified three tiers of service for family response and support which encompasses a continuum of services to enhance family preservation. Tier I - is identified as “Family Reunification Services,” and focuses on families that are experiencing child welfare involvement, and are court involved and children are living outside the home via foster care or kinship placement. Tier II - is “Intensive Family Support” and works with families experiencing child welfare involvement and includes a child/ren at risk of removal. Tier III - is identified as the highest level of intensity and frequency and will rely on Mobile Response and Stabilization Services (MRSS). Tier III would work with families experiencing child welfare involvement and is in an immediate crisis. Although, any family can move through the Tiers of service depending on their need at the time. The family can make the referral, or service need is identified by HCJFS staff during a safety plan creation, active removal or response to a 241-KIDS call.

MRSS empowers families involved in child welfare to request their own services. From a quality and clinical perspective, children, youth, young adults, and families benefit from MRSS because they get to initiate care based on a self-defined crisis. “Crisis” means different things to different families; it is important to use the family’s definition, based on their own needs and strengths. A significant percentage of persons seen by MRSS providers have not previously received behavioral health treatment. A first experience in receiving crisis services can be daunting. Engaging families in a culturally and linguistically competent crisis response is essential, not just for reducing risk in the current crisis and preventing future crises, but also for developing trust; if a family’s priorities are not respected, they may choose not to seek services in the future.

Examples of MRSS referrals:

1. escalating emotional or behavioral issues;
2. mental health issues;
3. addiction and substance abuse;
4. physical and emotional trauma;
5. school truancy;
6. running away from home;

7. parent/child or caregiver/child conflict;
8. suicidal ideation; and
9. domestic violence.

A. Family-Centered Practice

As noted on the Child Welfare Information Gateway, <http://www.childwelfare.gov>,

Family-centered practice is characterized by mutual trust, respect, honesty, and open communication between parents and service Providers. Families are active participants in the development of policy, program design and evaluation, and they are active decision-makers in selecting services for themselves and their child/youth. Family and child assessment is strengths-based and solution-focused. Services are to be delivered primarily in the home and family's community; and build upon informal supports and resources.

Family-centered practice is based upon these core values:

1. The best place for children/youth to grow up is in families.
2. Providing services that engage, involve, strengthen and support families is the most effective approach to ensuring a child's/youth's safety, permanency and well-being.

Key components of family-centered practice include:

1. Working with the family unit to ensure the safety and well-being of all family members.
2. Strengthening the capacity of families to function effectively and safely.
3. Engaging, empowering, and partnering with families throughout the decision and goal-making process.
4. Providing individualized, culturally responsive, flexible, and relevant services for each family.
5. Linking families with collaborative, comprehensive, culturally relevant, community-based and faith-based networks for supports and services.
6. The practice will support the significance of the child's/youth's birth family and need to preserve the integrity of the family.

B. Protective Factors

HCJFS is committed to weaving the 6 protective factors as developed by the Center for the Study of Social Policy into all aspects of the child welfare system. Provider shall explain how these factors will be implemented in their service proposals.

The six (6) protective factors known to reduce child/youth maltreatment should be integrated within families, across systems and throughout communities. They are:

1. ***Nurturing and Attachment*** – A child's/youth's ability to interact positively with others, to self-regulate, and to effectively communicate his or her emotions has a great impact on the parent-child/youth relationship. A child's/youth's social and emotional development is highly dependent on the quality of a young child's/youth's primary relationships. How caregivers respond to child's/youth's emotional expression profoundly influences how they learn to process, understand, and cope with such feelings as anger, happiness, and sadness. Promoting positive behavior and responses in children/youth could strengthen parent-child/youth relationships.
2. ***Knowledge of Parenting and Child and Youth Development*** – Extensive research links healthy child development to effective parenting. Children/youth thrive when parents provide not only affection, but also respectful communication and listening, consistent rules and expectations, and safe opportunities that promote independence. Successful parenting fosters psychological adjustment, helps children/youth succeed in school, encourages curiosity about the world, and motivates children/youth to achieve.
3. ***Parental Resilience*** – Parents who can cope with the stresses of everyday life, as well as an occasional crisis, have resilience; they have the flexibility and inner strength necessary to bounce back when things are not going well. Multiple life stressors, such as a family history of abuse or neglect, health problems, marital conflict, or domestic or community violence, and financial stressors such as unemployment, poverty, and homelessness, may reduce a parent's capacity to cope effectively with the typical day-to-day stresses of raising children/youth.
4. ***Social Connections*** – Parents with a social network of emotionally supportive friends, family and neighbors often find that it is easier to care for their children/youth and themselves.

Most parents need people they can call on once in a while when they need a sympathetic listener, advice, or concrete support. Research has shown that parents who are isolated, with few social connections, are at higher risk for child abuse and neglect.

5. **Concrete Support** – Partnering with parents to identify and access resources in the community may help prevent the stress that sometimes precipitates child maltreatment. Providing concrete support may also help prevent the unintended neglect that sometimes occurs when parents are unable to provide for their children/youth.
6. **Social and Emotional Competence of Children** - Parents support healthy social and emotional development in children/youth when they model how to express and communicate emotions effectively, self-regulate, and make friends. A child's/youth's social and emotional competence is crucial to sound relationships with family, adults, and peers. Conversely, delayed social-emotional development may obstruct healthy relationships. Early identification of such delays and early assistance for children/youth and parents can provide support for family relationships and sustain positive and appropriate development.

C. In-Home Services

What are In-Home Services? The term “in-home” refers to the location where the child and family are residing and not necessarily to the place where services are delivered; therefore, in-home services may be provided in the community, a relative's home, kinship home, foster home, or where the family requests. The primary goal of in-home services is to strengthen and support the family in order to maintain children with their families whenever it can be done safely. Providing such services also keeps children near their support system of friends, siblings, extended family, and school. Through in-home services, appropriate resources can help parents focus on addressing the issues that led—or could lead— to abuse or neglect.

In-home services are geared toward meeting the following goals:

1. Ensuring children's safety.
2. Strengthening parental capacity.

3. Improving caretaking and coping skills.
4. Supporting healthy and nurturing relationships.
5. Fostering physical, mental, and educational well-being.
6. Enhancing the potential for permanency.

These goals may be achieved by targeting family-specific challenges, such as parental substance abuse, parental depression, supervision issues, negative parent-child interactions, poor physical conditions in the home, and economic challenges. Provider will engage the family in a comprehensive assessment that encompasses the entire family across all life domains. Provider is expected to work with the family based on goals identified by the caseworker and family themselves in their own environment.

HCJFS' goal is to work with Providers who demonstrate a competent and experienced delivery of the entire continuum of services, as described in section 1.2.2, Service Components.

1.2.1 Population

Population served includes a family in crisis that has child/youth who are unsafe. When children/youth are unsafe, there must be a parent/caregiver who is available to protect the children/youth and who is willing and able to participate in the services. These services are initiated based on HCJFS's safety and family assessments that the parents' capacity to protect is diminished, and due to identified safety threats their children have been removed or are at risk of being removed from their home. The services may be voluntary or court-ordered, and they encompass an array of interventions and supports provided directly by, or on behalf of, a child welfare agency to all children in a family to ensure their safety and promote well-being (HHS, 2009).

The following are examples of potential referrals with families who have experienced trauma and any of the following factors impact their ability to safely parent:

1. Families with a child/youth who are alleged to be victims of abuse or neglect;
2. Families with parents who use or abuse substances;

3. Families with children/youth in protective supervision orders;
4. Families with a history or active domestic violence;
5. Families with mental health issues.
6. Families who may have an active in-home or out-of-home safety plan.
7. Families who are a part of a reunification plan.

1.2.2 Service Components

Services are concentrated and clearly defined with an emphasis on intensive, trauma informed home-based services to families in crisis where children/youth are at imminent risk of out-of-home placement, a safety plan (in or out-of-home), or have already been removed from the home. The decision to refer a family for Services is made by HCJFS or a family/caregiver involved in child welfare at any point during the assessment process. Services are to be provided in-person and in the home and community of involved families; and be accessible during both traditional and non-traditional hours.

Provider must answer, in narrative format, demonstrating how you will meet the following expectations, or have unique experiences demonstrating capacity to perform service.

 - e. Explain what the difference would be in a monthly summary versus a weekly progress note.
 - f. Detail how a Provider will assure notes will be uploaded into OnBase document management system, and available to HCJFS by the end of the same month the service occurred or within 3 days of the last occurrence.
 - g. Detail how Provider anticipates communicating with HCJFS caseworker and supervisor during crucial points of timelines.
 - 1. How would this change, depending on Tier level of the family?

Review Committee members will determine what other information is required to complete the review process. All information obtained during Stage 3 will be evaluated using the scale set forth in Stage 2 Review and incorporated into the overall rating for the proposal. Review Committee may request information from sources other than the written proposal to evaluate Provider's programs or clarify Provider's proposal. Other sources of information may include but are not limited to the following:

- A. Written responses from Provider to clarify questions posed by Review Committee. Such information requests by Review Committee and Provider's responses must always be in writing;
- B. Oral presentations. If HCJFS determines oral presentations are necessary, the presentations will be focused to ensure all of HCJFS' interests or concerns are adequately addressed. The primary presentation must include Provider's key program personnel. HCJFS reserves the right to video tape the presentations.
- C. Site visits will be conducted for all new Providers and any existing Providers as HCJFS deems necessary. Site visits will be held at the location where the services are to be provided.

Stage 4 Evaluation Scoring

Final scoring for each proposal will be calculated. For this RFP, the evaluation percentages assigned to each section are:

- B. Fiscal Evaluation, Section 2.3 Questions, Cost Analysis and Project Budget are worth 20% of the total evaluation score.
- C. System and Fiscal Administration Evaluation including responses to Section 2.8 Questions are worth 10% of the total evaluation score.
- D. Section 4.6, Stage 3, Other Materials considered are worth 10% of the total evaluation score.

If HCJFS determines that it is not necessary to conduct a Stage 3 review, the evaluation percentages assigned to each section are:

- B. Fiscal Evaluation, Section 2.3 Questions, Cost Analysis and Project Budget are worth 20% of the total evaluation score.
- C. System and Fiscal Administration Evaluation including responses to Section 2.8. Questions are worth 10% of the total evaluation score.

4.7 Proposal Selection

Proposal selection does not guarantee a Contract for services will be awarded. The selection process includes:

- A. All proposals will be evaluated in accordance with Section 4.6 Evaluation & Award of Contract. The Review Committee's evaluations will be scored and sent through administrative review for final approval.
- B. Based upon the results of the evaluation, HCJFS will select Provider(s) for the services who it determines to be the responsible agency/company(s) whose proposal(s) is (are) most advantageous to the program, with price and other factors considered.
- C. HCJFS will work with selected Provider to finalize details of the Contract using Attachment B, Contract Sample, to be executed between the BOCC on behalf of HCJFS and Provider.
- D. If HCJFS and selected Provider are able to successfully agree with the Contract terms, the BOCC has final authority to approve and award Contracts.
The Contract is not final until the BOCC has approved the document through public review and resolution through quorum vote.
- E. If HCJFS and successful Provider are unable to come to terms regarding the Contract, in a timely manner as determined by HCJFS, HCJFS will terminate the Contract discussions with Provider.

In such event, HCJFS reserves the right to select another Provider from the RFP process, cancel the RFP or reissue the RFP as deemed necessary.

- F. If a proposal is selected with a Provider who has not yet received its licensure from the appropriate Board, the proposal will be disqualified unless the Provider receives its licensure within 60 days of acceptance of the proposal.

4.8 Post-Proposal Meeting

The post-proposal meeting process may be utilized only by Providers who submitted Qualified Proposals, who wish to obtain clarifying information regarding their non-selection. If a Provider wishes to discuss the selection process, the request for an informal meeting and the explanation for it must be submitted in writing and received by HCJFS within fourteen (14) business days after the date of notification of the decision. All requests must be signed by an individual authorized to represent the Provider and emailed to the RFP Contact Person at the address listed in Section 3.2. Certified or registered mail must be emailed to the contact person listed in Section 3.2. A meeting will be scheduled within 21 calendar days of receipt of the request and will be for the purpose of discussing a Provider's non-selection.

4.9 Public Records

All proposals submitted shall become the property of HCJFS to use or, at its option, return such proposals. All proposals and associated documents will be considered to be public information and will be open for inspection to interested parties after the award of a contract unless identified as a trade secret or otherwise exempted from disclosure under the Ohio Public Records Act.

Trade secrets or otherwise exempted information must be clearly identified and marked as such in the proposal. Each page containing such material must:

1. Be placed in a sealed envelope;

2. Must have the basis for non-disclosure status stamped or written in the upper righthand corner of the page and the envelope; and
3. Be placed in the required order of the response format.

For example: if Pages 1-5 are not trade secrets or otherwise exempted from disclosure and Page 6 contains a trade secret, then the word “Trade Secret” would be watermarked on Page 6.

DO NOT MARK EVERY PAGE OF YOUR PROPOSAL AS TRADE SECRET OR OTHERWISE EXEMPTED FROM DISCLOSURE OR YOUR PROPOSAL MAY BE REJECTED.

If HCJFS is requested by a third party to disclose those documents which are identified and marked as Trade Secret or Otherwise Exempted from disclosure, HCJFS will notify Provider of that fact. Provider shall promptly notify HCJFS, in writing, that either a) HCJFS is permitted to release these documents, or b) Provider intends to take immediate legal action to prevent its release to a third party. A failure of Provider to respond within five (5) business days shall be deemed permission for HCJFS to release such documents.

It is Provider’s sole responsibility to legally defend the actions of HCJFS for withholding Provider’s documents as trade secrets or otherwise exempted information if the issue is challenged.

4.10 Provider Certification Process

HCJFS reserves the right to complete the Provider Certification process for selected Providers. The purpose of the process is to provide some assurance to HCJFS that Provider has the administrative capability to effectively and efficiently manage the Contract. The process covers three (3) key areas: Section A - basic identifying information; Section B - financial and administrative information; and Section C - quality assurance information. The process may be abbreviated for Providers already certified through another process, such as Medicaid, JCAHO, COA, CARF, etc.

4.11 Public Record Requests Regarding this RFP

Per ORC 307.862 (C), in order to ensure fair and impartial evaluation, proposals and any documents or other records related to a subsequent negotiation for a final Contract that would otherwise be available for public inspection and copying under section 149.43 of the Revised Code, shall not be available until after the award of the Contract(s). 3. Provider shall not be relieved of liability to HCJFS for damages sustained by HCJFS by virtue of any breach of the Contract by Provider. HCJFS may withhold any compensation to Provider for the purpose of off-set until such time as the amount of damages due HCJFS from Provider is agreed upon or otherwise determined.

9. FORCE MAJEURE

If by reason of Force Majeure, the parties are unable in whole or in part to act in accordance with this Contract, the parties shall not be deemed in default during the continuance of such inability. HCJFS reserves the right to waive any of the above Transition Plan requirements and dates at its sole discretion.

In the event of termination of this Contract, both parties agree to work cooperatively and use their best efforts to minimize any adverse effects of such termination on the Consumers.

12. DISPUTE RESOLUTION

Within thirty (30) calendar days from the time the Provider discovers or should have discovered that a matter is properly an issue that should be determined under Section 12, Provider shall prepare and submit a Notice of Dispute. The Notice of Dispute shall state the facts surrounding the claim, together with its character and scope and include any proof to substantiate any dispute and a means by which to resolve the dispute in the best interest of the parties. The Notice of Dispute shall be forwarded in writing to the following representatives of the parties as follows:

PAGE 1 - SUMMARY PAGE

Page 1 is the summary page for all information entered on pages 2 through 9. If you are not using the Excel spreadsheet for the budget, the summary page should be completed after all other budget pages (pages 2 through 9) are finalized. The total amounts for each expense type on this page (A through J) should equal the total amounts of each section on pages 2 through 8.

As the amounts are entered on pages 2 through 9, the total amounts on the summary page will be populated, if using the Excel spreadsheet to complete the budget.

Mgmt Indirect Cost

A rationale or basis for the allocation of Mgmt Indirect cost which details how the amount charged to the proposed service was determined must be included. Some agencies allocate these types of costs on staff salaries, total personnel costs, total direct cost of service proposed, and/or time studies. Records substantiating development of the means of these costs must be provided with your budget submittal and also maintained by your agency. Mgmt Indirect costs, allocated to the proposed service(s) should not exceed 15% of the total proposed service(s) cost. After allocating Mgmt Indirect costs between Other Direct Services and the proposed service(s), total program expenses for Mgmt Indirect should equal zero.

The Summary Page, once completed, should give a total budget for the service being proposed as well as a picture of your agency's total budget.

If your agency owns the building, a charge for depreciation **or** usage allowance is allowable. Depreciation or usage allowance should be applied to the original acquisition cost of the building. Depreciation should be calculated using the straight-line method. The lifespan of a nonresidential building is 31.5 years for property placed in service before May 13, 1993. If the property was placed in service after May 13, 1993 the lifespan is 39 years per the Internal Revenue Service (IRS) (Publication 946). Hamilton County Department of Job and Family Services

Provider Certification Process

(Revised 5/10)

I. Overview

The purpose of the **Hamilton County Department of Job and Family Services (HCJFS) Provider Certification Process** is to assess a service provider's administrative capacity to effectively manage an HCJFS contract. The process is designed strictly for internal HCJFS decision making and should not be seen as an official accreditation, licensing or endorsement of a provider program or agency. The process is divided into three (3) sections -**A. Program Identifying Information, B. Administrative Capacity and C. Quality Assurance**. Sections A. and B. may be completed prior to contract signing. Section C. within six (6) months of contract signing. A six (6) month period is given for Section C. to allow time for smaller agencies who may not have all of the quality assurance components in place. As with any process, there are always exceptions so consult with management if certain portions of the document are not applicable to a specific provider.

A. **Program Identifying Information (Section A)** - identifies key information such as:

1. agency name and address;
2. director's name;
3. service being purchased;
4. hours/days of operation, etc.

B **Administrative Capacity (Section B)** - identifies administrative areas which are key to an effective operation such as:

1. accounting and record keeping systems;
2. copies of important documents such as the table of organization, Articles of Incorporation, insurance, etc.;
3. review of provider personnel files for proof of drivers' licenses, insurance, professional credentials, etc.;
4. tour of the provider's facility.

None of this information is to be released to anyone other than the provider without HCJFS management approval.

C. **Quality Assurance (Section C)** - identifies processes and procedures for ensuring quality service such as:

1. program staff training plan;
2. staff policy and procedure manual;
3. quality assurance plan/activities.

Refer to detailed instructions for completing the certification document.

1. Other Provider certifications	Ask Provider if the agency is currently certified by another entity. This could be Medicaid, JACHO, COA, etc. Obtain information regarding the type, time period and particular services covered by the certification and discuss findings with Section management.
2. Reviewed and accepted: <ul style="list-style-type: none"> a. Most recent annual independent audit or comparable financial documents; b. audit management letter, if applicable; c. SAS61 (auditor's communication to the board's audit committee), if applicable; d. most recent 990 and Schedule A ; e. most recent federal income tax return; f. written internal financial controls. 	<p>This information is used to determine the financial status of an agency. Things to look for are:</p> <ol style="list-style-type: none"> 1. Did the audit firm issue an unqualified opinion on the report? If not, a further review of the agency's financial status should be conducted. If the audit report is not for the prior calendar year, ask when the report will be finished and follow-up with provider to obtain a copy. 2. Do the attachments/exhibits indicate problems, recommendations, etc.? 3. Does the audit management letter indicate a problem or areas that need improvement? 4. Does the SAS61 indicate problems, concerns, etc.? 5. The 990 repeats much of the information in the independent audit but also includes the salaries for the top 5 positions earning over \$50,000.00 per year. 6. Were taxes filed timely? If not, why? Were extensions requests done timely? 7. Do the controls indicate a separation of duties? Is there a clear understanding of duties and roles? For assistance in developing internal financial controls, providers can consult the standards issued by the GAO in the booklet titled <i>Government Auditing Standards</i>. The information is also available on the GAO website at: http://www/gao.gov/policy/guidance.htm
3. Indicate Provider's filing status with the IRS: <ul style="list-style-type: none"> a. 501C3 (not-for-profit); b. sole proprietor; c. corporation (for profit); d. government agency; e. other (specify). 	The filing status is important because of filing and tax conditions which are unique to each category.

<p>4. Received current copies of:</p> <ul style="list-style-type: none"> a. Articles of Incorporation, if applicable; b. job descriptions for all staff in program budget; c. insurance with the correct amount, type of coverage and additional insureds listed; d. Job description titles should match to the salaried positions in the budget and to the positions in the T.O. 2. Insurance amounts are the standard amounts listed in the boiler plate contract. Work with management for unusual coverage amounts for unusual services. Indicate the expiration date so HCJFS can do timely follow-up to ensure the insurance coverage remains current. 3. Table of organization should show the relationship of the contracted service to the entire organization. The T.O. may reference programs for positions. 4. The service/attendance form is the sheet used to document units of service. Determine if information maintained is adequate - client names, date, begin/end time, unit(s) of service, name of teacher/case worker, etc. 5. The contract service contingency plan is to detail how service will be provided to HCJFS clients should the provider be unable to comply with the contract terms. What is the provider's back-up plan?
<p>5. Reviewed 3 of the last 12 months board minutes</p>	<p>Review for problems which could reflect on the administrative capacity of the agency, i.e. issues with the contracted programs, staff issues, funding issues, etc.</p>

<p>6. Reviewed accounting/record keeping system:</p> <ul style="list-style-type: none"> a. financial record keeping method <ul style="list-style-type: none"> 1) is a separate account set up for our program? 2) are invoices filed for easy reference? b. cash or accrual system; c. revenue source during start-up period; d. ability to issue accurate and timely reports e. maintenance of client service records . <ul style="list-style-type: none"> 1) method for documenting client service; 2) method for compiling data for reports; 3) method for tracking performance indicators; f. how will the Provider manage cash flow during the first 3 months of the contract? 	<ul style="list-style-type: none"> 1. The agency must show how the expenses and revenue for each contracted program will be reported/tracked in a separate account. 2. Determine how financial invoices will be filed. Is this adequate for audit purposes? 3. Identify the accounting system used - cash vs. accrual. This is important in an audit for determining how expenses and revenues are reported. 4. Determine how the agency will meet payroll and other contract related expenses during the start-up period, prior to receiving the first contract reimbursement. 5. Review the process for reporting expenses, service and performance goals. Does provider have the administrative capacity to manage the contract in an accurate and timely fashion? In the program area? In the financial area? 6. Review the process for documenting and maintaining client service records. Is it acceptable for audit purposes? Can invoiced services be easily tracked to a source document? Is the information in the source document legible, complete, etc? 7. Since the initial reimbursement will be approximately 2 months from the end of the first service month, discuss with provider how program expenses will be paid during that time.
<p>7. When applicable, review personnel files for proof of required documentation including, but not limited to:</p> <ul style="list-style-type: none"> a. current professional license/certification; b. driver's license with < 5 points; c. proof of car insurance; d. police/BCII check completed within the last 12 months. 	<p>Based on the work performed by the contract agency's staff, conduct a sampled review of personnel files to ensure required documentation is current and on file. <p>9. Interior - Public Areas</p> <ul style="list-style-type: none"> a. indicate general impression of appearance cleanliness, neatness, safety, etc. b. is facility handicapped accessible? c. are bathrooms handicapped accessible? d. does facility design ensure client confidentiality? e. is the facility adequate for our program? f. ask provider if a negative building safety report has been issued by the fire department. 	<p>Purchased services are to be provided in an appropriate setting and accessible to all referred clients. This area is subjective and open to interpretation. The question to ask yourself is if you'd feel comfortable referring a client to this location. The fire department only issues a report when there are building safety issues. Ask to see any negative safety report and, if any, ask for proof of compliance - repair invoices, etc. Calls can be made to the fire department if the status is in doubt.</p>
<p>10. Contract Management Plan - review provider's written plan for contract management.</p> <ul style="list-style-type: none"> a. how will provider ensure integrity and accuracy of the financial system for reporting to HCJFS? b. how will provider ensure integrity of record keeping for documenting and reporting units of service and performance objectives to HCJFS? c. how will provider ensure administrative and program staff are fully aware of and comply with contract requirements? d. what is provider's plan for conducting self-reviews to ensure contract compliance? e. what is provider's plan for ensuring receipt of client authorization forms prior to invoicing? f. what is provider's plan to remain in compliance with contract requirements for timely invoicing to HCJFS? g. what is provider's plan for monitoring contract utilization? 	<p>The purpose of the plan is to ensure the provider is fully aware of the contractual obligations and has a pro-active plan for managing the various contract components.
